

**HALLOWEEN IS ALMOST HERE.
WE WANT YOU TO BE READY.
BY MAKING IT SAFE, FOR YOUR CHILDREN.**

HERE ARE SOME SUGGESTIONS, FOR YOUR CHILDREN TO HAVE A SAFE HALLOWEEN.

****PLEASE TAKE A RECENT CLOSE-UP PICTURE OF YOUR CHILD/CHILDREN.****

1. Make sure you know what your child is wearing, under their Halloween Costume.
2. Make sure you know the colors, or what details (if any) on their shirt/pants.
3. Make sure you know what type of shoes they have on and color.
4. Make sure you know, how their hair is styled; and what color (if dyed for Costume).
5. Make sure you know, what the costume they have on is, and also the color of costume.
6. Make sure if you aren't with them, that someone of age (that you know) are with them.
7. Make sure your child/children, are with a group of children; NEVER ALONE!!!
8. Tell your child/children to not give out any information, to anyone if they are asked.
9. Make sure someone has a cell-phone with them, just in case they do run into trouble.
10. Tell them where you want them to go, and tell them where NOT to go!
11. Tell them what time, you want them to be back home.
12. Tell them NOT TO EAT ANY OF THE CANDY, until they have had it checked by you! THIS IS NON-NEGOTIABLE!!!!!!!

UPON RESEARCHING, HERE ARE SOME THINGS- THAT HAVE BEEN FOUND IN CANDY; IN PAST YEARS OF CHECKING.

OPENED SAFETY PINS, SCULPTING KNIFE, RAZOR BLADES, LIVE BUGS (TREMORS), HUMAN BLOOD, POISON, POOP, URINE, PETROLEUM, CRYSTAL METH, METAL SHAVINGS. IN THE PAST, NECCO WAFERS WERE SUPPOSED TO BE GIVEN: **THEY WERE ACTUALLY CUT UP PIECES OF SIDEWALK CHALK. TOSS OUT ANY FRUIT, YOUR CHILD/CHILDREN MAY GET. YOU DON'T KNOW WHERE IT HAS BEEN, OR WHAT IT MAY HAVE BEEN EXPOSED TO.**

SMELL EVERYTHING: MIGHT HAVE A SLIGHT STALE ODOR TO IT.

STUDY CANDY: CHOCOLATE THAT LOOKS SPOTTY, OR HAS PATCHES OF WHITE ON SURFACE; IS OLD AND STALE- THROW IT AWAY!!!!

IF CANDY HAS EVEN THE SLIGHTEST RIP, TEAR, OR HOLE, THROW IT AWAY!!!! BETTER TO BE SAFE, THAN SORRY LATER!!!

LAST BUT NOT LEAST: THIS IS VERY, VERY, IMPORTANT!!!!!!! There is a drug being passes around the schools that is known as Strawberry Quick or Strawberry Meth. It looks like the pop rocks candy that kids eat and even smells like strawberries or other flavors such as chocolate etc...This candy is actually crystal meth!! Please be sure to tell your children not to take any candy that is given to them at school by classmates!

WE SINCERELY HOPE, THAT THIS CHECKLIST WILL HELP YOU; KEEP YOUR CHILD/CHILDREN SAFE

REMEMBER THE OLD SAYING: "WHEN IN DOUBT, THROW IT OUT!!!!!"
